

Welcome to the World of Narumi Bone China

History

The predecessor of Narumi Corporation was founded in 1911. Since that time we have been devoted to producing fine quality tableware. In 1965 Narumi succeeded in mass production of dinner sets of bone china for the first time in Japan. The history of bone china in Japan is based on Narumi Corporation's effort to bring that innovation to Japan.

Authentic Quality

Our two production facilities for producing bone china are fully integrated factories that include the printing sections. As they are 100% owned by Narumi Corporation, each of them is capable of taking care of every quality check on each production stage. This is the essence for keeping the high quality of Narumi Bone China.

Durability and Functionality

Due to a high-density crystallized body, Narumi Bone China can withstand considerable shock and heavy usage. This feature demonstrates the suitability for the hotel and restaurant industry. Specially designed refractory cases for firing bodies can create perfect unity of size and shape.

"Care and Handling" Guides for Gold / Platinum Decoration

To enjoy longer lifespan of Gold and Platinum Decoration, we would recommend that you should take care and handle these products properly.

- 1) To avoid cracking and crazing, cooking by microwave oven is not allowed.
- 2) To avoid scratching, when plates are stacked together they should not be slip out from a stack, always lift them out carefully.
- 3) To protect the surface, washing by swivel wool pads and abrasive cleanser should be refrained.

Narumi is always aiming to give people wonderful opportunities to enjoy splendid tableware that can make their lives much delighted.

L = Long Length
S = Short Length
H = Height
D = Diameter
The capacity(cc) is 70% of full capacity
